**Statement regarding Christer Kold Lindholm's assistant employment at ThinkChina.dk**

We, Martin Bech (present Innovation Attachè at Innovation Centre Denmark & Consulate General, Shanghai and former coordinator at ThinkChina.dk) and current coordinator at ThinkChina.dk Casper Wichmann, confirm on behalf of Christer Kold Lindholm that he has worked with us, taking part by assisting the think tank's projects during the six months between November 2016 and April 2017.

As a part-time employee, Christer contributed to ThinkChina.dk's annual project aiming at mapping the institutional ties between the University of Copenhagen and various Chinese institutions of higher learning such as research collaborations, educational exchanges, and teaching circulation.

Christer's assignments included formulating and designing surveys with questions which were forwarded to the think tank's network, collecting all the received information and categorizing it in Excel, and finally creating graphical presentations that portray the growth of research ties over the past years.

We were glad to have Christer as an assistant during the course of this project and we agree that he is qualified to carry out similar administrative assignments in new settings.

Best wishes,

Martin Bech, PhD

Innovation Attachè at Innovation Centre Denmark & Consulate General, Shanghai
